## CHAIRMAN'S MESSAGE

*Never flinch from commitment, quality, and dedication.  
Work with steely resolve to delivering  
steadfast service to clients, within the committed time.*

### Vision

ASMACS to attain the full-fledged status of an Engineering, Procurement and Construction company within year 2015, and gain prominence in the industry for dependability, quality and delivery.

### Mission

To deliver high-quality, cost-effective projects on schedule by employing and supporting motivated, flexible, and focused teams. We value the importance of our relationships and will continue to remain fair and true in our dealings with all employees, clients, vendors, and partners. Our clients count on our dependability, our drive, and our integrity. We take great pride in our accomplishments and build on them every day.

## THE ASMACS GROUP PROFILE

While ASMACS's core business in HR Consultancy and placement services are growing rapidly since inception in the year 1984, it was presented with an opportunity to demonstrate its engineering skills in the fabrication and erection of structures and modification works on board vessels in Kuwait in the year 1995.

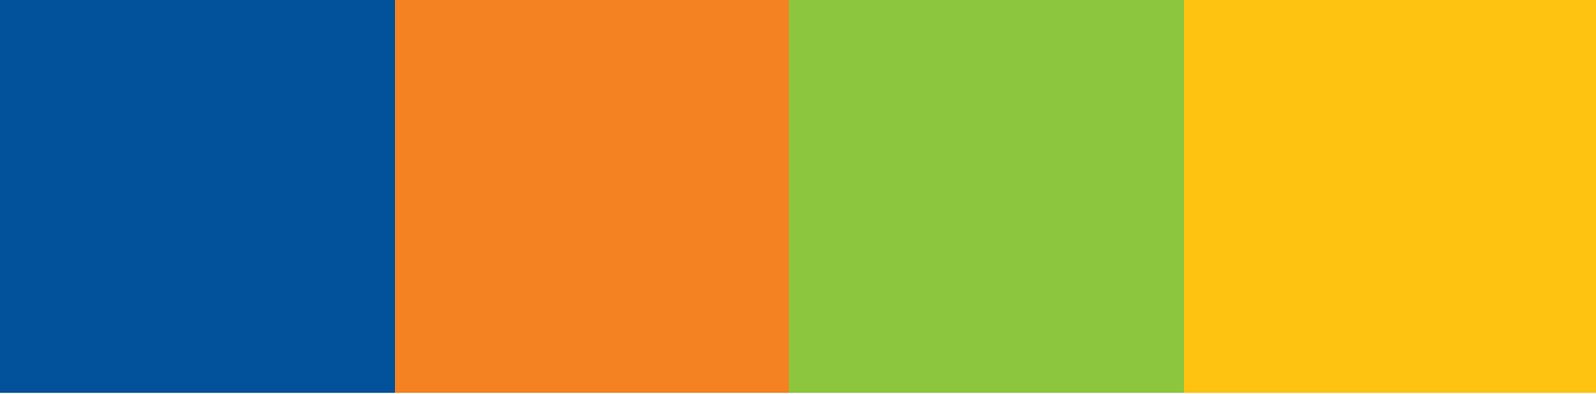

The in-house engineering team at ASMACS welcomed the opportunity to grow and demonstrate its engineering skills with the use of its expertise in the execution of the works. Thus, ASMACS began its diversification into engineering activities in Kuwait, and gradually into other regions within Arabian Gulf countries, and India.

Simultaneously, ASMACS made a humble beginning in the maintenance of ships, ship repairs and steel fabrication, erection, and sand blasting works in 1996 in Mumbai (Bombay). ASMACS Engineering services were instantly recognized by Ship Owners i.e. UASC-KWT, AWAL MARINE-BAHRAIN, BAKRI NAVIGATION-KSA and a host of others, through its hitherto HR and Consultancy Services.

ASMACS' instant response to customers' needs and the organizing capability to mobilize manpower and materials at short notice impressed many of its clients and created immense confidence in ASMACS in the execution of critical and time-bound works. From here, ASMACS took a bold step and established its branch at Cochin in 1998 and since then it has been catering to the needs of the Indian Navy, Cochin Shipyard and a host of other industrial units in and around Cochin. ASMACS is one of the few registered and recognized Ship Repair and Engineering Contracting Companies with Indian Navy, Cochin Ship Yard, Garden Reach Ship Builders and a host of others in India.

With the continual orders from principals based abroad for ship maintenance, repeated requests for providing qualified technical skills such as Class tested Welders, Marine Mechanics, Electricians and other crew to carry out repair works during voyages, ASMACS ENGINEERING chose to establish its own ship repairing facilities in Dubai-UAE in 2002 and at Hamriyah Free Zone-Sharjah-UAE in 2003.

ASMACS ENGINEERING is now a full-fledged composite engineering service providers, it undertakes and executes repair/refit works on board Tankers, Chemical Tankers, LPG Carriers, Seismic Vessels, Bulk Carriers, AHTS, Offshore Work-cum-Supply Vessels, and Accommodation Barges, Floating Cranes, Container Vessels, and Cruise liners.

In addition it is also actively engaged in Heavy Engineering Fabrication, Erection, Mechanical Equipment, Erection, Maintenance, Electrical, Instrumentation activities in Petrochemical, Fertilizer, Steel, Power, Refinery, Gas projects and plants.

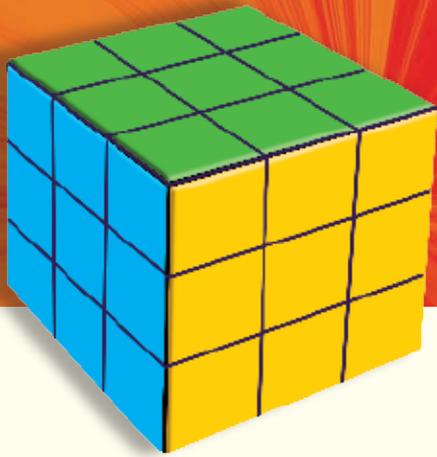

With a multitude of qualified and experienced professionals available at the disposal of ASMACS ENGINEERING, you need not look beyond ASMACS for all your Engineering needs to attend to your new construction and maintenance needs.

Since it's inception in 1984 ASMACS has come a long way, grown and diversified its activities in various related fields in addition to its core business.

ASMACS IS NOW AN ISO 9001: 2000 ACCREDITED GROUP

Today the ASMACS GROUP is operating successfully in the following areas.

- ❖ **Marine Industry :**  
Ship Repairing/Crew Management/Manning/Ship Chandling/Ship Chartering
- ❖ **Specialist Support Services**
- ❖ **Onshore/Offshore Catering Services**
- ❖ **Facilities Management**
- ❖ **Trading**
- ❖ **Heavy Engineering**
- ❖ **Civil Contracting**
- ❖ **Information Technology**

- Gyrocompass/Radar

### ELECTRICAL WORKS

- Installation + Cabling + Commissioning – Generators, motor control panels, engine room machineries, fire alarm systems.
- AC/DC Motor re-winding/overhauling
- Calibration – electrical meters + pressure gauges + flow meters etc.

## **PIPE WORKS**

- Pipe - network - construction, repair and installation: CS, SS Cu and alloy steel (Cu-Ni)
- Boiler Re-tubing and Repair
- Heat Exchanger - fabrication and installation
- Hydraulic systems - Fabrication & Installation of Central/Bow Thruster Systems
- Tank Heating Coils - procurement/fabrication and installation
- Underwater - Sea Chest & Valves
- Fire Lines/Sprinkling System - Fabrication & Installation
- Insulation
- Sewage Treatment Plant - Maintenance/Installation
- PPR Piping

## **STEEL WORKS**

- Hatch covers
- Plate renewals for Hull Repairs
- Stainless steel repair and renewal –tanks/hull/bulk heads etc.
- Underwater – Fabrication/Repair and renewal of underwater Hull including draft markings and gratings.

## **CORROSION MANAGEMENT**

- Blasting/Painting: Grit/Copper Slag
- Garnet Blasting and Painting
- Hydro Blasting - high-pressure 40000psi
- Zinc Anodes - Renewal

## **TANK CLEANING**

- Sludge (slop) removal and disposal – alongside as well as offshore
- Hotworks
- Degreasing & Steaming of Bulkheads

## **NDT**

- Testing – Ultrasonic + Radiography + Visual + Eddy Current + Magnetic Particle etc.

## **AC & VENTILATION**

- Design + Installation + Commissioning
- Repair & Renewal
- Insulation

## **OTHERS**

- Offshore Construction – Fabrication / Repairs of barges & offshore platforms
- Destructive & Non destructive Tests of load bearing structures
- Anchor & Chain Cable – Survey, test & repairs
- Dry-Docking – Arrangements as per drawings of vessel.
- Class Approval – Documentation and arrangements.

## **SAFETY STANDARDS**

ASMACS – SHIP REPAIRING DIVISION is committed to compliance with the Hygiene, Safety and Environment regulations as per the international Marine/Industrial Standards to the highest degree.

## **OUR PRESENCE**

ASMACS – SHIP REPAIRING DIVISION has offices and well equipped workshops with machining facilities and open yard for heavy engineering fabrication at the following locations.

### **INDIA**

Registered and approved contractors of Indian Navy, Coast Guard, Garden Reach Shipbuilders-Kolkata, Shipping Corporation of India, and a host of private owners and Ship Managers:

Mumbai • Cochin • Goa • Karwar • Vishakapatnam • Bhubaneswar-Paradip Port

### **ME REGION**

UNITED ARAB EMIRATES – Dubai • Sharjah

KSA – Dammam • Riyadh

QATAR - Doha

## **TEAM ASMACS – SHIP REPAIRING DIVISION**

Marine Engineers • Master Mariners • Mechanical Engineers • Electrical and Instrumentation Engineers • Naval Architects • HSE Engineers • Logistic & Procurement Engineers

Supported by a skilled team of trained and experienced technicians... ready and willing to undertake any type of mechanical repair, steel repair, piping work, and other repair work at the local ship yards, ports, at our facilities, and on board vessel as riding squad.

Specially trained and skilled technicians to work on FPSOs.

Mechanical Maintenance team, with specialization in handling Generators, Marine Engines of major makers such as MAN, DAIHATSU, YANMAR, and DEUTZ among others. This team also specializes in maintenance of, Oil & Water Separator, Vertical Plate Coolers, Heat Exchangers.

- Mechanical Fitters and Turners
- Welders and Platers
- Fabricators and Pipe Fitters
- Marine Electricians
- Instrument Technician

## **PROJECTS EXECUTED:**

### **MIDDLE EASTERN COUNTRIES**

- DUBAI DRY DOCKS – DUBAI : Approved contractors – Mechanical Works, Steel Works, Hydraulic Piping Works, Blasting/Painting, Tank Cleaning, New Building and Conversions.
- ARAB HEAVY INDUSTRIES – AJMAN – Approved contractors – Steel Works, Mechanical Works, Piping Works, Blasting/Painting, Tank Cleaning, New Building and Conversions.
- KERZNER ISTITHMAR LTD – DUBAI – Conversion of Cruise liner, MV CROWN into a Labour Camp Accommodation for about 1400 personnel for PALM JUMERIAH project which entailed removal of plants/equipments/instruments, installing Generators/Motors, Electrical installation/fittings, total air-conditioning system, plumbing works. Manning and maintenance of the vessel for about 24 months (executed during year 2004 - 2006).
- CLARKSONS – DUBAI: Blasting and painting of new oil platforms for Maritime Industrial Services. Steel renewal and modification on board various class of vessels. Piping network and conversion of oil tanks – MV Kota Harum + MT Asphalt Express + MT Asphalt Merchant + MT Arabian Sun + Barge Ocean 33.
- EMARAT MARITIME – DUBAI – Repair and maintenance of machineries/equipments and deck fittings for their vessels and luxury yachts. Ship chandling also.
- HENDERSONS INTERNATIONAL – DUBAI: Procurement, Fabrication and Installation of total piping network of luxury Yachts which includes SS316 L and PPR Standards for domestic, machineries and advance systems. Installation of underwater fittings. Fabrication of Bow Thruster tunnel and installation of Bow thruster. Installation of Central Hydraulic system. Fabrication and Installation of main mast and other deck fittings of SS316L.
- HORIZON GEO TECHNICAL COMPANY – SHARJAH: Modification and maintenance of survey craft and vessels. Arrangement for heavy lifting of equipments – SV Gulf Horizon + MV Horizon Survey + SC Terra Turf + SV Adams Nomad.

- MOHAMMED AL MOJIL GROUP – AJMAN: Refurbishment and major modifications of 18 supply vessels – AL MOJIL 29 to AL MOJIL 47 and 2 Aluminum Crew Boats AL MOJIL 48 & AL MOJIL 48. Installation of moveable cranes on board vessels.
- NAKHEEL – DUBAI: For MV POSEIDON: Refurbishment: Removal of all Auxiliary machineries. Removal and modification of mess decks and lounges. Water proofing of main deck – LC Thuraya.
- UASC - DUBAI: Oil Tank cleaning – MV Jabel Ali + MV Adriyah + MV Hammurabi+ MV Mirquab+ MV Al Wattyah+ MV Farhidi + MV Forwairret + MV Ibn Bassam + MV Al Wajba + MV Ibn Al Moataz
- WHITE SEA SHIPPING-SHARJAH: Modification and refurbishment of vessel with maintenance contract – FCB Reem + AHTS Duniyazad + AHTS Sina + AHTS Ameer.
- MCGREGOR GROUP – DUBAI: Contract jobs of piping, hydraulic and mechanical work including Crane repairs – MV Golden Victory + MV Sara-5 + MV Al Waaliyu + MV Pacific Opel Victory + MV Kheelza.
- LEIGHTON INTERNATIONAL – DUBAI: Installation of new Electrical panels for Accommodation and Crane Barges. Corrosion Management of Accommodation Barge – Leighton Minx.
- STEVIN ROCK LLC – RAK: Corrosion and Protective Management of crew boat – F-24.
- TILE MARINE – DUBAI: Renewal of Steel Works on board + Renewal of hydraulic system of cranes + Mechanical works related to Capstan/Gypsy/Winches – MV Narohna + SL Innovator + MV Atlantic Dream + MV Rickmers Marine
- AL JAZEERA MARINE – SHARJAH: Modification and fitment of Engine Room machineries and pumps – MV Sea Maintainer
- WARTSILA-DUBAI : Piping network – MV Gulf Riyadh + MV Iran Shalamchem.
- EMIRATES SHIPPING – SHARJAH: Steel Works, Mechanical Works and Piping Works for Oil Tankers – MT Taiba + MT Peace Star + MT Windstar
- SEVEN SEAS – DUBAI: Removal of Main Generators and Engines B Lock - MV Enad, MV Esteemed Carrier
- GULF AGENCY COMPANY – SHARJAH: Fabrication of Foundation + Fitment of Electrical Motors in Hydraulic room.
- QGM – SHARJAH : Mechanical jobs for Deck machines of Jack up Rigs.
- SILVER STAR SHIPPING – SHARJAH – Piping network and conversion of tanks – MT Victoria.
- ZAMIL – KSA: All types of Marine Engines, Generators, Central A/Cs, Cranes, Hydraulics, All Auxiliaries, Shafting, Propellers, Hull Preparations (Sand Blasting & Airless Spray Painting), Fabrication & installation (Structural + Piping), Pumps, Valves, Electrical systems, Controls & all other associated marine equipments fitted or used for the Vessels/Ships.
- ASRY – ARAB SHIP REPAIRING YARD – BAHRAIN: Renewal of steelwork and machanical works related to engine room. Supply of short term professionals.

## INDIA

UASC – UNITED ARAB SHIPPING COMPANY–KUWAIT: FLEET MV. KHALIKAN, IBN BATUTAH, AL WATTIAH ET AL – Routine repair, weather damage, survey recommendations

AWAL MARINE – BAHRAIN – Repair/rewinding of motors on board MT TUG CHALLENGER, and MT BEMONI.

### **ELECTRICAL JOBS:**

Electrical Cabling and Carpentry renewal works for Link-II up gradation system for 25 Indian vessels under rate contract with Naval Dockyard, Mumbai WEAPONS department. Vessels: INS GANGA + GOMTI + GODAVARI + ABHAY + AGRAY + AJAY + BETWA +BEDI + MATANGA + TARAGIRI + SINDHUSHAstra + SINDHUVIJAY + VIPUL + VEER etc.

Weapons & Power system cabling renewal works since Sept'08 for 10 Indian Navy vessels under rate contract with EPS department, Naval Dockyard, Mumbai. Vessels: INS MATANGA + VIRAAT + MYSORE + GOMTI + TABAR + PRALAYA + SUVARNA + NIRDESHAK etc.

Electrical repair works on board INS SHARDUL at Cochin for and on behalf of M/S. Garden Reach Ship Building & Engineers Ltd., Mumbai.

Electrical repair works on board INS SHARDUL at Karwar for and on behalf of M/S. Garden Reach Ship Building & Engineers Ltd., Mumbai.

Motor repair and other electrical repair works on board INS SHARDUL at Mumbai for and on behalf of M/S. Garden Reach Ship Building & Engineers Ltd., Mumbai.

### **MECHANICAL JOBS:**

Aluminum Grating and Railing renewal work for Indian Navy vessel INS GOMTI at Naval Dockyard, Mumbai BEF department.

Oil tanks suction valves repair works on board INS SHARDUL at Karwar for and on behalf of M/S. Garden Reach Ship Building & Engineers Ltd., Mumbai.

Davit winch repair, Piping and Valve repair works on board INS SHARDUL at Mumbai and Karwar for and on behalf of M/S. Garden Reach Ship Building & Engineers Ltd., Mumbai.

## **BLASTING & PAINTING JOBS:**

Ultra High pressure Hydro blasting to WJ2 standard, and pressure range 36000-40000 psi, power tooling to ST3 standard and painting works of ship side, super structure, mast area and internal compartments for Indian Navy Vessels INS VIRAAAT at Cochin and one year rate contract with Naval Dockyard, Mumbai, FMU department for initial job order for vessel INS Mysore at Mumbai.

Ultra High pressure Hydro blasting of anchor & chain cables to WJ2 standard & pressure range 36000 – 40000 psi for Indian Navy Vessels.

## **RIDING SQUAD**

Ship Maintenance, being a life-support service to vessels calling on ports as well as those on high-seas, ASMACS formed a core team of highly qualified and experienced skills of class tested Welders, Marine Mechanics, Electricians, Navigational Equipment Technicians, and assistants with valid STCW 95 certificates, Seaman book (CDC), Health certificate and other documents, as Riding Squad/Flying Squad/Voyage Repair team for carrying out repairs on board vessel during voyage.

While all our staff and field personnel undergo regular health check-up as per industry norms, there are special periodical medical checkups; refresher training and tests are conducted for all our Riding squad teams. This ensures availability of experienced crew on 24 X 7 basis, thus ship owners/managers/fleet operators can always rely on ASMACS to meet their needs of skills at any given time.

## ASMACS TEAM AT WORK

## MARINE INDUSTRY

### MANNING AND CREW MANAGEMENT

ASMACS is a Registered Manning Agency, under Director General Shipping Of India. ASMACS has been in manning services since the year 1983 and is an ISO 9001-2008 accredited agency-No:SG03/00011.

Since inception, ASMACS has been able to offer employment opportunities for over 1750 Masters/Officers/Crew to reputed owners/managers all over the world, especially in Arabian Gulf Regional countries, Africa, and Europe.

ASMACS offers efficient services to all shipping companies having a fleet of Off Shore Supply Vessels, Bulk Carriers, General Cargo Ships, Reefers/Containers/Ro-Ro Vessel, OBO Ships, Oil/FPSOs/Chemical/Product Tankers, LPG/LNG/Gas Carriers, Passenger Ships/Ferries/Cruise Liners, Accommodation Barges, Work-cum-Accommodation Barges et al.

### OUR TEAM

The Founder - Promoter of ASMACS, Mr Dev Mohanty, is an Electrical Engineer - Marine by profession, and the burning desire and passion in him to serve the shipping industry propels the growth of ASMACS business.

A qualified team of marine professionals with varied experience on board vessels and ashore, buttress the on-going developmental activities, and the ever-changing needs of shipping industry.

A well experienced and reputed Master Mariner is in charge of our ship crewing and management related operations. He is ably assisted and supported by a team of qualified administrative personnel who have over 15 years experience in Crew Management and Manning Operations.

We have a tie up with approved Medical Centers for most of the reputed shipping companies, Air India, and Life Insurance Corpn of India Ltd. We undertake basic health education, vaccination, immunization, shipboard medical precautions, pre-joining medicals, TMT (stress test), spirometry (pulmonary function tests), and clinical examination all under one roof. Our medical team extends the medical assistance to seafarer's families while they are out at sea.

Our Front Desk Executive is very efficient in coordinating, correspondence, and attending to calls to and from the principals, associates, clients and candidates.

**Over 50 satisfied clients all across the globe, and still growing... thanks to dedicated services of ASMACS.**

## **OUR SERVICES**

### **CREWING**

The daunting task of recruiting – screening, interviewing, selecting, medical and hiring is taken care by ASMACS, thus saving the precious time of our clients and allowing them to attend to other areas of management that contributes to the company's financial success.

#### **RECRUITMENT, SCREENING AND SELECTION**

ASMACS always takes extraordinary precaution to employ only the seafarers with pertinent experience to match the requirement of our Principals. This system is beneficial to our Principals, as the crew is familiar with the vessel's routines and procedures. We take extreme care of seafarer's certification and experience with cross reference from previous employers, government departments and certification authorities, before his name is enlisted with us and his resume is uploaded into our Databank.

#### **PRE – EMPLOYMENT MEDICAL EXAMINATIONS**

All the seafarers undergo the medical examination at one of the Director General of Shipping approved medical centers, in accordance with M.S. rules of ILO/Panama/Liberian/Vanuatu/Malaysian flag guidelines. ASMACS ensures due medical clearances before the seafarer joins the vessel.

Thorough examination includes chest X-ray, blood count/group, urine analysis, stool examination, dental check up, psychometric examination, vision test, and also special tests (if required) like HIV, Hepatitis (B & C), Gamma G.T, Drug and Alcohol, E.C.G, and Stress test. Special vaccinations are given for the vessels trading in the specific areas. ASMACS always adheres to the regulations and established practice.

#### **DOCUMENTS, TRAINING AND CERTIFICATION**

ASMACS follows the procedures laid down by the shipping industry

- Minimum validity of the seafarer's certificates and documents as per the contract term.
- Training and certification conforming to IMO, ILO and STCW' 95 convention and ISM code.
- Seafarer must have appropriate training and certification for the position he is employed on board the vessel.
- Seafarers are briefed on the company's policies and vessel specific procedures.

## **CREW TRAVEL**

One of the group companies of ASMACS is an IATA agent viz. ASMACS TOUR & TRAVEL ASSOCIATE, who has the expertise and experience in economic routing of crew to and from the ships. Pre-paid Ticket Advice (PTA) may also be issued at principal's option.

## **ALLOTMENTS**

Principals may remit the amount as per the seafarer's instruction for disbursement of allotments to designated beneficiaries through our appointed banks. Receipts are sent to the principals confirming the payments and distribution.

## **PERFORMANCE MONITORING**

ASMACS regularly monitors performance of the crew through the reports from the Master of the vessel, and de-briefing sessions of fellow crew members from the same vessel. This enables us in assessing the seafarer's report on competence and behavior before considering his re-employment. Reports are compiled and remarks are updated on the resume of crew.

## **OUR EXPERTISE**

ASMACS has a well maintained data bank of enthusiastic and energetic candidates with certificates, conforming to STCW' 95 convention, ISM code and ISO standards, to pursue career in shipping industry.

We have multinational crew + officers, English speaking and with good background.

## **CREW MANAGEMENT**

Our forte is full and partial crew management wherein we provide ship owners of deep sea and coastal vessels with a long term personnel resource of qualified Officers and Ratings at a fixed monthly cost. This can be either for the full management with ASMACS or for ship owners who require only crew management.

Our crew management provides a complete service including, crew planning, training, crew processing, database management, crew accounting, payroll and allotments, crew travel, next of kin liaison - in fact a complete one stop quality crew manning solution.

The Officers/Crew/Ranks selected, recruited and manned by our company are equipped with necessary valid and authentic documents such as Certificate of Competency, Master Mariner, M.O.T., Safety Certificates, STCW 95, CDC etc., according to IMO regulations. Moreover, all our seafarers are well experienced and fully conversant with IMO regulations.

ASMACS is experienced with employing crew from the following countries:

India, China, Croatia, Philippines, Indonesia, Canada, Poland, UK, New Zealand, Myanmar, The Netherlands, Latvia and Ukraine.

Indian crew has made their strong presence in international shipping industry. This particular fact is increasingly recognized by ship owners opting for a total or combination of partial Indian crew with other nationalities.

We have candidates for the following categories:

### **Deck**

Master  
Chief Officer  
2nd/3rd Officer  
Deck Cadet  
Boson  
Pump man  
AB  
OS

### **Galley / Saloon**

Chief Cook  
2nd Cook  
Ch.Steward  
Steward  
Barman / Bartender  
Mess / Room Boys

### **Engine**

Chief Engineer  
2nd Engineer  
3rd/4th/5th/Jr Engineer  
Electrical Engineer / Officer  
Engine Cadre  
Marine Fitter  
Motor Man  
Oiler / Wiper

### **Offshore Construction**

Certified Class Welders  
Crane Operators  
Scaffolders  
Riggers

## MARINE INDUSTRY SHIP CHANDLING

Complementing our services to Ship Owners/Managers/Operators/Yards is our Ship Chandling Division... housed conveniently in our yard at Hamriyah Freezone-Hamriyah-Sharjah

**We specialize in the supply of deck, engine, cabin stores, fresh and dry provisions, frozen and chilled stores, chemicals and laundry services to vessels calling UAE ports as well as all ports of India, Bahrain, Qatar, Kuwait, and Oman.**

Our Ship Chandling Division carries stocks of various materials required for Engine Room, Deck, Cabin, Galley and Medicine chest.

Some of the products we carry in our stock are :

**ROPES** - Steel Wire Ropes - Rotating/Non-Rotating Mooring/Polypropylene/Nylon & Manila Ropes.

**PAINTS** - 'INTERNATIONAL' - Protective Coatings & Marine Paints.

**LIFTING TACKLES** - Ropes & Chain Slings, Shackles, Rigging Screws, Gin/Guy Blocks, Cargo Hooks, Pulley Blocks, Ratchet Slings & Nylon Web Slings.

**LUBRICANTS** - Marine Lubricants.

**OIL SPILL CONTROL** - Booms, Pads, Granules and Chemicals.

**CHEMICALS** - RX/UNITOR/DREW & MOIYA OIL - Cleaning & Maintenance.

**LSA / FFA (SOLAS / MMD)** - Life Buoys, Life Jackets, Fire Extinguishers, Fire Hoses & Fittings

**NAVIGATIONAL** - All types of Navigational Aids & Equipments.

**UNDER WATER / DIVING EQUIPMENT** - Diving Suits - Masks - Fins - U/W Cameras & Torches, Pressure & Depth Gauges, Dive Boots, Regulators, etc.

**HATCH** - Hatch Sealing Tapes & Covers, Hatch Rubber, Cargo Cluster Lights.

**HOSES** - Oil Suction, Discharge & Hydraulic Hoses - CAMLOCK Fittings.

**PNEUMATIC** - Wilden/Oil Transfer/Sump Pumps, Chippers, Needle Scalers, Grinders etc.

**STEEL** - Gratings, Plates, Angles, Flats & Welding Electrodes. All Stores and Gases – Freon/Oxy/Acy.

**ENGINE ROOM** - Compressors/Pumps/Alternators/Gearbox/Main Engines/Turbo Chargers.

**CABIN STORE** – Toiletries, Detergents and Cleaning Supplies.

Besides the above we also specialize in supply of Provisions of the highest quality, not to mention fresh! The list includes but is not limited to:

Dairy Products

Beverages

Cereals

Meat Products

Food Grains

Fruits

Seafood

Spices

Bakery Products

Vegetables: Frozen/Fresh/Canned

Canned Food

### **ACTIVITIES:**

- Supply and service of all safety and firefighting equipment, electronics, navigation charts,
- Industry Publications, medical stores and life raft servicing.
- Supply of container lashing & securing gears.
- Catering requirements for both onshore and offshore industries.
- Cleaning of spares, warehousing, and forwarding at cost
- Workshop Services
- Liaison for supply of Gas, Paints and Chemicals
- Life raft repairs and re-certification
- Container lashing
- Hatch cleaning
- Marine engineering work
- Computer & Hardware
- Crew Mail Forwarding
- Medical services for crew
- Arrangement for crew changes
- Cash to master
- Superintendent attendance for carrying out repairs and vessel inspections
- Reconditioning of cylinder heads, piston crowns, and exhaust valves with class certification
- Supply of spare parts, new and used
- All types of engine, cabin, and deck provisions & bonded stores

## OUR TEAM

Strategic decision making and day to day operations rests in the capable hands of our team which brings to the group 30 years of senior management experience, both on and offshore.

The group is further complemented by well trained and qualified staff from diverse marine and logistics background and experience.

Armed with in-house warehousing and logistical support, we are ready, able and willing to meet our customers specified requirements.

## MARINE INDUSTRY

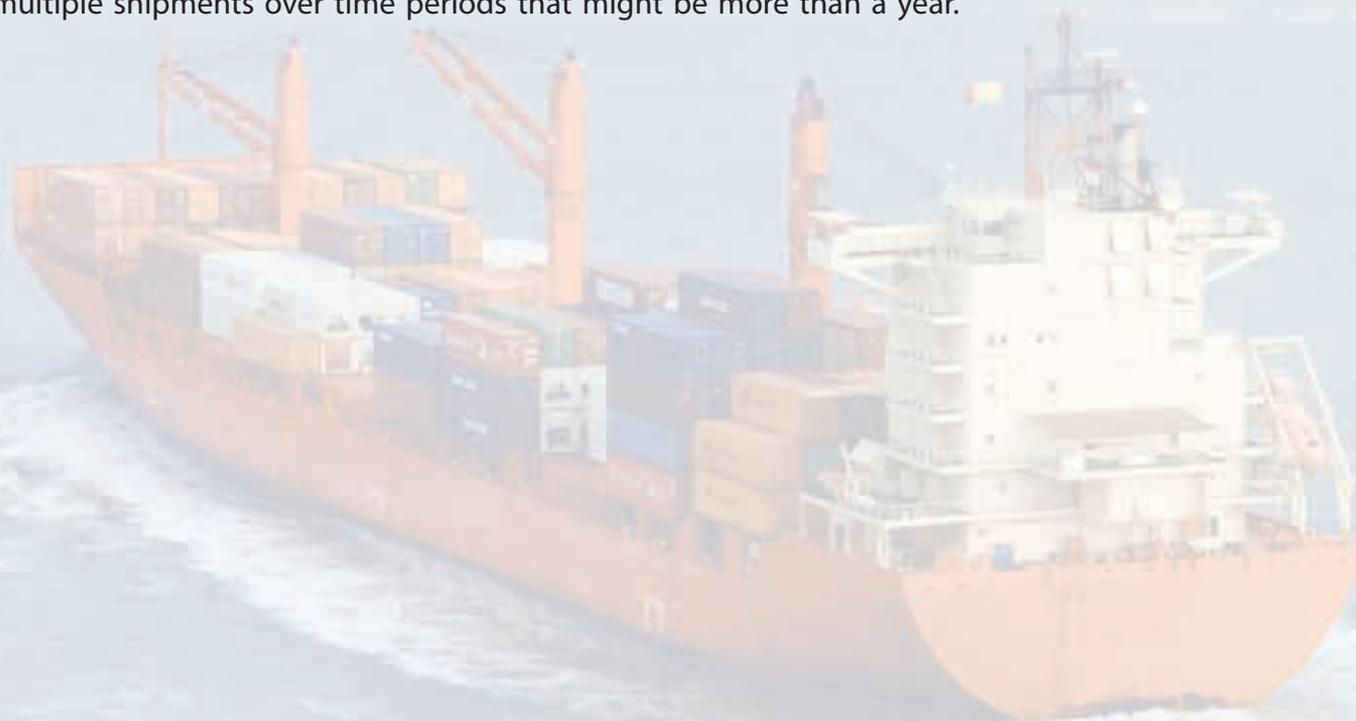

### SHIP CHARTERING

During the year 2000-2001, ASMACS took participation in the local tender floated by KSINC (Kerala Shipping & Inland Navigation Corporation Ltd.) Kochi, for chartering of general cargo vessel of about 2200DWT for movement of general cargo. ASMACS was successfully awarded the contract of time charter of general cargo vessel for about 5 months+.

ASMACS took vessel from owners, Great Eastern Shipping – Mumbai, on time-charter for five months plus, and sub-chartered to KSINC. During this charter period, the vessel was managed, operated and run by ASMACS team at Mumbai and Kochi efficiently.

Further, we helped our principals in the movement of liquid cargo (Caustic soda lye) to East Coast from West Coast by chartering Chemical and Product tanker for a period of 12 months.

We undertake single shipment or a COA of a significant quantity that needs to be moved in multiple shipments over time periods that might be more than a year.

## SPECIALIST SUPPORT SERVICES

ASMACS' entry into SPECIALIST SUPPORT SERVICES - Contract Hire was made in the year 1996 for one of its principals, Tecnimont SpA-Italy, to take care of the maintenance activities at Polypropylene and Polyethylene plants at Warry and Port Harcourt in Nigeria.

With the encouraging results at Nigeria, ASMACS ventured into full-fledged training skills, and retaining experienced professionals for all activities entailed in projects execution, viz. Construction to Commissioning, Testing to Maintenance, especially for Petrochemical, Oil, Gas, Refinery, Power, Smelter projects/plants.

ASMACS' SPECIALIST SUPPORT SERVICE team, part of the ASMACS Group, undertakes Insulation/Painting/Rotating/Static Equipment Construction/Erection, Piping Construction and Maintenance activities.

ASMACS' team of Electrical-Electronic Engineers and Instrumentation Technicians have vast experience and expertise in having worked on PLC/DCS of different makes of international repute. We boast ourselves to have qualified and experienced Electronic Technicians who have vast experience in the operation and maintenance of SPEEDTRONIC (MARK IV, V, and VI series) Gas Turbine Control System. Thanks to ASMACS network offices, spread across Arabian Gulf Countries, SARC regional countries, Philippines and tie-ups in Europe and Far East, which immensely help meet clients' needs at short notice.

### **ASMACS: YOUR NEW WORK FORCE**

While ASMACS is around, you can do away with hiring full-time staff, for ASMACS offers extensively experienced multinational professionals, technical skills and crafts from the Indian Subcontinent, G.C.C., Africa, Philippines, and CIS.

ASMACS attracts, develops and retains employee network, thru' attractive compensation of benefits.

### **OUR FORTE**

**SPECIALISTS' SUPPORT SERVICES FOR CONSTRUCTION, PRE-COMMISSIONING, COMMISSIONING, TESTING, MAINTENANCE ACTIVITIES**

- ❖ ASMACS' employees are the means to successful and timely completion of your project as per schedule - Specialists' available at short notice.
- ❖ Collective skills, and experience of every staff at ASMACS, coupled with our positive approach and dedication to customer needs makes a difference in the services ASMACS provides to all its clients all over the globe.
- ❖ Multinational work-force with vast experience.
- ❖ Dedicated team is working round the clock, ensuring swift and smooth deployment of professionals anywhere in the world.
- ❖ Experienced Recruiters available at all offices of ASMACS help identify and propose to clients.

### **LEVERAGE ON ASMACS'S HUGE POOL OF TECHNICAL RESOURCES**

- ❖ ASMACS' proven network of Field Engineers, Mechanical Technicians, Electrical Technicians, PLC/DCS Instrument Technicians, Field/Board Operators, MARK IV/V/VI series Speedtronic Turbine Control System – Engineers; QA/QC Mechanical Inspectors/Supervisors/Engineers, PDS/PDMS Engineers, and a host of others.
- ❖ With the availability of ASMACS' variable workforce, you can reduce your full time staff requirements and eliminate associated operating costs.
- ❖ ASMACS' variable workforce shall take care of your increased demands during peak periods, and you can eliminate repetitive expense of paying people on the bench.

### **BENEFITS TO CLIENTS**

ASMACS has multitude of proven field engineers, technical skills and craft that have vast experience in different industries and countries... thus clients can avoid hiring full-time staff and eliminate the expenses.

With ASMACS' variable workforce available at all times, clients gain the advantage of having the right amount of specialized professionals on the job at the right time.

ASMACS' variable workforce largely helps clients reduce full-time staff requirements and associated operating costs.

### **SCOPE OF SERVICES OF ASMACS**

To provide qualified and experienced staff as per requisition of principals - selection of staff per perspective of principals solely lies with them.

To organize interview, if and when required. Expenses incurred on account of interview viz. advertisement, if any, shall be charged extra at actuals.

All documentation formalities viz. certificates attestation, documentation work at Consulate / Embassy of the host country in India, police clearance certificate, if and where applicable, visa stamping, and pre-deployment medical per need of the host country. All expenses related to these services shall be extra at actual on reimbursable basis only.

Overseas Medical Policy for all staff thru' out contract period.

Payroll management and disbursement.

PPE if and when required and as necessary provided by ASMACS at extra cost.

Local logistic support (within India) viz. ticketing, hotel reservation, airport assistance etc.  
- All expenses are on reimbursable basis only.

### **SCOPE OF SERVICES OF PRINCIPALS OF ASMACS**

To select staff from the resumes submitted by ASMACS - conduct interview if and when necessary, either over phone/video conferencing or in person as per need.

To provide visa/work permit to the host country + air passage from home country to the location on mobilization/demobilization and rotation leave cycles.

To provide, free of cost, fully furnished accommodation, local transportation, free meals, PPE, social security and local insurance.

Per Diem allowance as applicable at the location, over and above the calendar day rate agreed to between ASMACS and the Principals.

To provide ASMACS' staff with necessary working tools, tackles, drawings, work stations/laptop, software packages as applicable, internet facilities. Medical assistance/First aid.

To provide monthly time sheet, duly signed by authorized representative of principals on or before the 3rd of every month by mail/fax to ASMACS for invoicing purpose.

### **INDUSTRIES / SEGMENTS WE CATER TO**

- Refinery
- Oil & Gas
- Power
- Steel
- Marine
- Petrochemical
- Heavy Engineering Construction
- Design Engineering/Planning

## **ENGINEERS & TECHNICIANS**

Planning Engineer  
Cost Control Engineer  
Field Engineer  
Interface Coordinator  
Mechanical Engineer - Construction  
Mechanical Engineer - Commissioning/Maintenance  
Electrical Engineer - Design  
QA/QC Engineer - Mechanical / Welding / Painting  
NDT Engineer - Level II & III  
Instrumentation & Control Engineer  
Welding Engineer  
Materials Engineer  
HSE Engineer - NEBOSH

## **CRAFT & LABOR**

Millwrights  
Pipe fitters  
Technicians  
Boiler makers  
Equipment Operators  
Certified ASME Welders  
Rotating Equipment Mechanics  
Electricians  
Instrument Technicians  
Iron workers

## PROJECTS EXECUTED BY ASMACS WORKFORCE

- ❖ POLYPROPYLENE, POLYETHYLENE PLANTS - WARY, PORTHARCOURT - NIGERIA - Field Operation and Annual Maintenance - Tecnimont SpA-Italy
- ❖ POLYPROPYLENE PLANT-UFA-RUSSIA – Field Operation: Tecnimont SpA-Italy
- ❖ DHDS PLANT: INDIAN OIL CORPORATION – HALDIA – WEST BENGAL – Precommissioning-Commissioning and Testing – Mechanical, Electrical and Instrumentation
- ❖ OMAR POWER PLANT – SYRIA – Testing and Commissioning
- ❖ POLYPROPYLENE PLANT – TRINFUO-BRAZIL – Commissioning

- ❖ GAS FIELD: OFFSHORE – NIGERIA – Mechanical Maintenance
- ❖ AGIP GAS PLANT – OBOB, KWALE AND PORT HARCOURT – Plant Operation and Maintenance
- ❖ QATAR GAS PLANT – Mechanical Construction (Static)
- ❖ MOHAMEDIA REFINERY – MOROCCO – Mechanical Equipment Maintenance (Rotating)
- ❖ GAS PLANT – NIGERIA (KWALE AND OBOB) – MARKV Control Supervisor, Instrument Supervisors – PLC/DCS – Operation
- ❖ GENERAL DYNAMICS - Combat Support Service - KSA - Camp Maintenance
- ❖ PO/MEG PLANTS - RABIGH - KSA - MOHAMMAD AL MOJIL GROUP CO - KSA

## FACILITIES MANAGEMENT

ASMACS is an international provider of management services to various industries.

We provide our clients with engineering management, appropriate technical expertise, preventive maintenance, and the effective use of resources at the lowest possible cost.

Our program is designed to protect your capital investment, train employees in applicable skill sets, and maintain interior and exterior equipment and spaces. Our pledge is to design a program that assures you of a hazard-free environment for your customers, employees, staff, and visitors.

Life cycle cost analysis, value engineering, energy efficiency, sustainability and green design, security issues and emergency preparedness – these are only a few of the startling range of facilities issues confronting many chief financial officers today.

We design operational solutions and take responsibility for delivering operational performance under contract to and in long term partnership with, our customers.

### **OUR AIM**

To be at the forefront of the Facilities Management revolution by creating a unique partnership between customers, staff and shareholders.

### **OUR METHOD**

To add value continuously through management of our staff to meet our customer's objectives.

### **OUR CULTURE**

To be a 'can do' organisation by devolving responsibility throughout the company.

### **SERVICES WE PROVIDE**

- MAINTENANCE SERVICES
- REPAIR AND REFURBISHMENT SERVICES
- SUPPORT SERVICES

## HEAVY ENGINEERING

ASMACS ENGINEERING, part of ASMACS GROUP, was established in India in the year 1998, followed by offices in Dubai and Sharjah in UAE in the year 2002, and subsequently established facilities and offices in Riyadh and Dammam in KSA, Kuwait and Doha-Qatar.

ASMACS ENGINEERING is a fast growing multi-disciplined engineering and contracting company in Mumbai-India, with offices and facilities in Dubai, Sharjah-United Arab Emirates, Qatar, and Dammam-KSA.

We have grown into one of the well recognized and reputed Engineering Contract and Construction companies in the G.C.C countries with a turnover, exceeding US\$..... million.

ASMACS has the experience and expertise in project management, Civil Construction, Structural Steel Fabrication, Erection, Mechanical Equipment Erection, and Electrical-Instrumentation work. The range of projects executed covers Refineries, Smelters, Petrochemical Industries, Fertilizer Industries, Chemical Industries, Power Plants, Tankages (tank farms), Heavy Equipment Erection, Revamping and Shutdown jobs.

ASMACS employs over 400 well-motivated employees. It maintains plants, equipments and vehicles. It has operations and presence in Kuwait, KSA, Qatar, UAE and India.

### **ASMACS' CORE ENGINEERING TEAM:**

Mr Kamles Nanda – M.Tech (Civil Engg) – Executive Director, from one of the well renowned and premier Technology Institutes viz. Indian Institute of Technology – Kanpur. Over 35 years experience in Design, Construction and Commissioning activities of Petrochemical, Chemical and Refinery plants in Kuwait, Malaysia and India.

Mr Abhay Biswal – B.E (Mechanical) – Director – Has over 25 years experience in estimation, procurement, planning, execution, commissioning, testing and maintenance activities in Refinery, Petrochemical, Gas Plants, Power Plants and a few offshore assignments in India and Kuwait. International exposure and widely travelled all across the Arabian Gulf countries, Africa and Middle Eastern countries.

Mr Srinivas Mohapatra – (B.E. Mech) – General Manager-Projects – Ex-Indian Navy. Over 20 years experience in Mechanical Construction – Static/Rotary equipment in Petrochemical industry,

Chemical Process industry, Pharmaceutical and Refinery. His vast experience in the execution of over 18 projects, and immense knowledge in planning and execution is a competitive advantage to ASMACS.

Mr Kaushik Prajapati – Cost Control Engineer – B.E (Production) Over 10 years versatile experience (manufacturing as well as projects) in Costing, Estimation, and tendering. Involved in the cost estimation of petrochemical projects in India and abroad.

Mr K Joshi – Planning Engineer – B.E (Mech) – Over 10 years experience in Planning, Scheduling activities for new construction, and Maintenance Planning for Refinery/Petrochemical units in India and abroad.

Mr Shafer Koya – QA/QC Manager (B.Tech–Mechanical Engineering) (Projects) – Has over 10 years experience in the Construction industry. He joined ASMACS during 2005 as Sr.QA/QC Engineer, and has now been elevated to the position of QA/QC Manager. Gained good experience and exposure with multinationals abroad, executed a number of Gas/Refinery projects in UAE/ Qatar/KSA/Kuwait. It is this versatile experience and thorough knowledge in the application and process that help ASMACS maintain strict Quality Assurance/Quality Control in the execution of projects, and maintaining strict quality norms through out.

Mr Muthukumar – B.E. (Mechanical) Site Engineer – Mechanical engineer with 8 years experience in the construction of chemical, fertilizer, petrochemical plants, and tank forms for chemicals/petroleum products. His specialization is in the construction of pipeline – chemical/fertilizer, Oil/Gas and Refinery. He possesses sound manpower management, planning, material control, and supervision.

Mr Ashok G Patel – B.E (Electrical) – Site Engineer – Over 12 years experience in the construction of Petrochemical/Oil&Gas/LNG/Methane/Ethylene, and Offshore Platform projects. Involved in the construction and erection of 132 KV GIS, 33KV, 11KV and 6.6 KV Switchgear; construction work of Lighting and Small Power Distribution System at LNG Project-Qatar for Ras Gas. Supervised the construction of Rolls Royce Gas/Diesel Generator and a host of other allied activities for British Petroleum at Azerbaijan.

Mr. Faizur Rehman Faruqi – D.E (Civil Engg) – Civil and Insulation - Painting Inspector - Over 15 years experience in the plant construction as QA/QC Inspector, especially in the Refinery/Petrochemical projects/plants. Holds BGAS-CSWIP Grade 2 certificates and was extensively involved in the construction of ABQAIQ Plant, Sulfur Plant., Uthma Niyah Gas Plant, Rabigh Development (Petro-Rabigh) and many other projects.

Mr Bachu Daljeet Singh – Safety Officer - Diploma in Industrial Safety – Over 11 years experience in Onshore/Offshore projects in India and abroad. Was involved in the execution of ARAMCO Gas pipeline construction project at Dhahran; Offshore drilling project, and Oil and Natural Gas Company's projects within India.

## LISTED BELOW ARE SOME OF THE PRESTIGIOUS PROJECTS WE HAVE EXECUTED

### INDIA

- Indian Oil Corporation Ltd. – Gujarat – Supply & Erection of fire fighting System at Rajkot
- Toyo Engineering India Ltd. – Mechanical, Piping, Flare Stack & Fire Fighting work for C.2., C.3 Recovery – ONGC – Dahej
- Haldia Petrochemicals Ltd. – Haldia – Erection of Reactor – 170MT at 18Mtrs + height and Caustic Tower at 46Mtrs height.
- Mangalore Chemicals & Fertilizer Ltd – Mangalore – Fabrication and Erection of 120mtr single span structural bridge across National Highway-17, carrying supply pipelines from jetty.
- Gujarat Fluorochemicals Ltd. – GIDC – Bharuch – Fabrication and Erection of structural units, tankages, piping and erection of equipment in their chemical complex.
- Supreme Petrochemicals Ltd. – Nagothane – Fabrication, erection, testing and commissioning of conical roof tank for raw materials storage and erection and commissioning of 16 silos.
- Deepak Fertilizers & Petrochemicals Corpn Ltd-Taloja – Supply, fabrication, erection, testing, and commissioning of cone roof Phosphoric Acid Tank (10000mt). Erection of 2 Nos. Absorption Towers – 70MT each for Nitric Acid Project – Taloja.
- DCW Limited-Mumbai – Supply / fabrication / erection of site fabricated tanks for Caustic Soda Plant expansion – Tamil Nadu
- Kanoria Chemicals & Industries Ltd. – Renukoot – Fabrication and erection of storage tanks, clarifier and piping in 225 TPD Caustic Soda Plants.
- Sun Petrochemicals Ltd-Raigad-Maharashtra – Erection of equipment; fabrication and erection of piping and structurals at Nagothane Plant.
- I. G. Petrochemicals Ltd – Taloja – Raigad – Rectification of Conical Roof tank
- Nirmal Ltd. – Bhavnagar – Fabrication, erection, testing and commissioning of Conical roof oil storage tanks.
- IFFCO Ltd. – Paradeep – Orissa – Supply, fabrication, testing and commissioning of Sulphuric and Phosphoric acid tanks.
- Rohm & Haas India Pvt Ltd. – Taloja – Fabrication, erection, testing and commissioning of Storage tank and mechanical piping.
- BOC India Limited – Ispat Industries Ltd. – Raigad – Fabrication, erection, testing and commissioning of Cryogenic/Double Wall storage tanks (1500mt capacity and 1000 mt capacity) and Piping.

- ICI India Ltd. – Ropar – Punjab – Mechanical fabrication, erection, piping structure work and supply, Erection of Fire Hydrant and Sprinkler System at Mohali.
- Rohm & Hass Pvt Ltd. – Fabrication and erection of Tanks, Piping and Equipment erection at Taloja Plant.
- Rohm & Hass Pvt Ltd. – Supply of Mechanical Equipment Stack, Chimney, Site fabrication of Tanks etc. Mechanical equipment erection / piping fabrication and erection at South India Emulsion Plant-Chennai
- Thermal Systems Pvt Ltd. – Hyderabad – Erection of Pressure parts like Steam drum, Super Heater, Economiser, Evaporator, Fabrication and Erection of Carbon steel and Alloy steel piping at Dahej.
- Thermal Systems Pvt Ltd – Hyderabad – Erection of boiler with supporting structure at Jindal Power Ltd. – Bellary.

### **REVAMPING & SHUTDOWN WORKS:**

- Mangalore Chemicals & Fertilizers Ltd. – Mangalore – Erection of 1 No. Stripper Tower Dismantling and Re-erection work.
- I. G Petrochemical Ltd. – Dismantling and re-erection of equipment and Piping, modification of structure for the shut down job for Revamping of Phthalic Anhydride Phase I Plant.
- Godavari Fertilizers & Chemicals Ltd. – Kakinada – Revamp of DAP Plant including Shut Down.
- Uhde India Ltd. – Mumbai – Dismantling of equipment and Piping for revamping and shutdown work of Nitric Acid Plant for RCF, Chembur - Mumbai.
- Indian Oil Corporation Ltd-Ahmedabad – Revamping of Fire Hydrant System at Rajkot plant.
- Finolex Industries Ltd – Pune – Dismantling & Re-erection of equipment at PVC Resign plant – Ratnagiri.
- Sudarshan Chemical Industries Ltd. – Pune – Equipment erection, piping fabrication and erection, old plant dismantling and re-erection, shutdown jobs.
- Asian Paints Ltd. – Ankleshwar – Fabrication and Erection of piping, equipment dismantling and erection work at Ankleshwar.
- Supreme Petrochem Ltd. – Nagothane – Dismantling and re-erection of piping, equipment, modification of structure for shutdown of second line polystyrene project.
- Deepak Fertilizers & Petrochemicals Corpn Ltd. – Taloja – Dismantling and Re-erection of equipment and piping. Modification of structure, piping, structural dismantling work (shut down of Ammonia Revamp Project) for NP project at Taloja.

## MIDDLE EAST

- TYTAN ORGANIC CHEMICALS ME- SHARJAH: Expansion of 20kl Project : Chemical Plant for the production of chemical used in construction industries.
- Routing, Fabrication, and Erection and installation of piping system of SS316L and Carbon Steel
- Installation of related equipments, pumps and machineries.
- Installation and Erection of 6 Glass line reactors.
- Maintenance contract of plant as and when required.
- EMIRATES MARINE ENVIRONMENTAL GROUP – DUBAI: Civil and Electrical works for marine villas for Nakheel Group.
- GECO – SHARJAH: Mechanical + Electrical + Plumbing for 35 storey building – Madinat Towers in the Dubai Marina.
- MACE – ABU DHABI: Installation of ground Pipe lines for Abu Dhabi Municipality.
- MORRONES GOURMET- DUBAI: Construction of kiosks at Global Village.
- CONVERSION ELECTROMECHANICAL LLC – DUBAI: Mechanical + Electrical + Plumbing for 94 villas on the Palm Island – Nakheel Project
- TIGER STEEL – SHARJAH: Painting of Royal Airport Terminal Hangers in Dubai.
- AL FOSAIFESA ANDALOSIAN & ISLAMIC ENGRAVING: Gypsum and engraving work on ceiling/ pillars/walls for mosques.
- HAMRIYAH FREE ZONE – SHARJAH: Civil and Plumbing for Labour Camp accommodation for 3000 persons.

## ASMACS TEAM AT WORK ON THE HEAVY STRUCTURAL FAB - ERECTION

## CIVIL CONSTRUCTION

ASMACS ENGINEERS AND DEVELOPERS PVT LTD – Real Estate Developers and Contractors – Bhubaneswar – Orissa – India was launched in the year 1999, and acquired the status of ‘SPECIAL’ Class Contractors from the Public Works Department-Orissa State.

### **FOLLOWING SERVICES OFFERED, IN ADDITION TO THE EXECUTION OF CONTRACTS**

- Site assessment and Subsoil investigations
- Level and Topographical surveys
- Building surveys
- Designs, calculations and drawings
- CAD
- Project, Commercial and Construction Management

Since the launch of Civil Construction activities in the home State of the Founder-Chairman of the Group, it has had the privilege to participate in Public Tenders as well as World Bank Aided projects within the State of Orissa.

It had executed the construction of Health Care Centers at Indupur, Nitli and Mahanga in the State of Orissa, fully funded by World Bank, during the year 1999-2000.

Electrical Sub-station projects for Orissa State Electricity Board at Jagatsingpur, Ranaput and Astharanga in the State of Orissa.

It had developed and constructed a few prestigious Commercial and Residential complexes in Bhubaneswar-Orissa.

Archana Vihar - Phase I

Commercial cum residential complex in Bhubaneshwar - state of orissa

Archana Vihar - Phase II

Commercial cum residential complex in Bhubaneshwar - state of Orissa

Having gained experience and with the availability of in-house expertise, ASMACS launched its construction business in the UAE in the year 2006, under the name and style of ASMACS CONTRACTING COMPANY LLC.

We provide services to both the major construction companies and individual clients, primarily within the UAE, although we have assisted beyond these borders.

The services we provide range from complete design and build services through to sub contracted specialist services such as AC, MEP, and the provision of specialized engineers through our other ASMACS COMPANIES.

We respond to Invitations to tender in a logical and professional manner ensuring that our clients, whether large or small, have full disclosure of both the costs and levels of service we can offer based on their expectations and specifications. The policy we adopt is one of “No job is too big or too small for us to undertake.”

As a part of the ASMACS GROUP we have the distinct advantage of being able to draw on a large and diverse workforce across the Asian Sub Continent and the MENA region to meet specific client demands and very tight timescales. This sets us apart from our competitors by allowing us to respond quickly and effectively to their needs.

We, being part of the ASMACS GROUP, are fully backed with vast resources of manpower from the Indian subcontinent... a major element in the Civil Construction Industry... a cause of concern for others always. We are, however, blessed to have our group activities encompassing training centers, especially imparting skills for construction activities, thus we are spared of the anxiety of manpower resources. With the availability of our own infrastructure facilities and manpower resources, we are always ready and willing to accept any challenge.

## OFFSHORE AND ONSHORE CATERING

Having gained experience and in-depth knowledge in the catering industry over a period of time by providing efficient and timely professional services to some of the prestigious companies such as SODEXHO, JAL INTERNATIONAL, PREMIER FOODS, ABELA Group (UAE/QATAR), and a host of others for onshore as well as offshore projects, ASMACS now forayed into full-fledged catering activities in India. We have had the privilege and pleasure to be working with Oil and Gas Companies (thru' our principal contractors), Pipelay contractors, and Derrick Barge Operators in the Arabian Gulf-Middle Eastern-African-Caspian sea regions.

With the privilege and confidence enjoyed between the promoters and brand owners of ALBERT ABELA, and the Chairman of ASMACS, ALBERT ABELA INDIA LIMITED is now getting established on the shores of Mumbai-India. As is well known in the international market, ALBERT ABELA is a name to reckon with in the Catering Industry...right from Flight catering to Offshore projects, and Industrial Services and Projects.

We are proud to say that we have had the privilege of securing our first contract in Mumbai-India to cater over 750 personnel on board Barges for our prestigious principals GLOBAL OFFSHORE PROJECTS LTD-MUMBAI-India, for a period of five months in the year 2008. These barges were engaged for offshore construction work for ONGC, and the staff on board constituted different nationalities viz. Filipino, Thai, Malaysian, Indonesian, European, Singaporean and Indian. The task was daunting and very demanding as varied nationalities and different menus, adhering to stringent quality standards as per international norms.

### **ASMACS (ALBERT ABELA INDIA LIMITED) offers following services:**

- Full service Offshore and Onshore Catering
- Food supply
- House Keeping
- Laundry
- Labour supply

Staff – Skills employed invariably possess Food Handler Certificate, Health Certificate (periodical check up every three months), BOSIET, BOSIET HUET II (Basic Offshore Safety Induction & Emergency Training) OPITO approved.

Thanks to ASMACS network offices within India and abroad that we have the multinational catering professionals and skills available at our disposal.

## TRADING

When the opportunity presented itself to ASMACS in fulfilling the requirement of one its clients for a Reconditioned Generator, ASMACS seized the opportunity and responded swiftly and positively. In record time of ten days, the identified Generator was tested, trial-run conducted and shipped to the client, followed by installation on board the vessel.

Subsequently a few of our clients in Kuwait, KSA and UAE sought the assistance of ASMACS in identifying, sourcing and delivering materials required for construction activities, and reconditioned Engine/Generators for ships in Kuwait. Thus, ASMACS developed General Trading activities.

### **ASMACS TRADING DIVISION HANDLED FOLLOWING PRODUCTS FOR:**

#### **EXPORT**

- Reconditioned Engine and Generator
- Machinery and plants
- Scrap metal (ferrous and non-ferrous)

#### **IMPORT**

##### **Pharmaceutical:-**

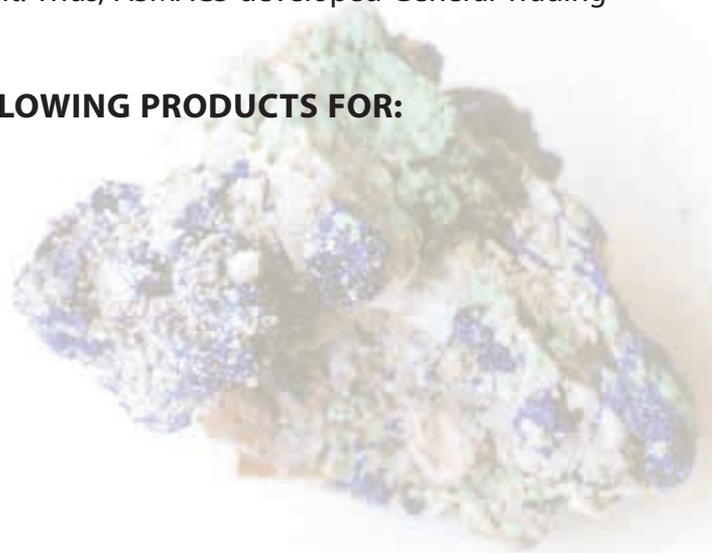

- Ascorbic Acid (Vitamin C)
- Biotin (Vitamin E)

ASMACS holds IE license as the Merchant exporters and are offering Industrial consumer products, as well as consumables viz., cereals, pulses, spices, and packed products from India.

**Our trading division offers various minerals and finished engineering products from India, and also from other countries thru' its tie-ups with associates. To name a few:**

##### **Metal**

- Heavy Melting Scrap (HMS I & II)
- Copper cable scrap
- Copper cathodes

- Manganese ore
- Chromite ore
- Copper ore
- Iron Ore / Chromite ore
- Bauxite / Manganese ore
- Clinker
- Engineering Products (Flanges, Valves, Pipes, Fittings, Flow Meters for Oil/Gas plants)
- Reconditioned Engines / Marine Spares
- Pharma Products
- Chemicals / Plasticizers
- Rice, Pulses, Spices & Tobacco
- Plasticizers : DOP, DIDP, DBP,TOTM, DOA, BBP, DOM, DBM
- Surface Coating : Tenacryl, Tenatex, Tenamul & Tenasol products of various grades & specs
- Scrap Metals : HMS-1 & HMS – II grade metals are offered to our clients

ASMACS' TRADING DIVISION has the advantage of its network of offices – globally... along with the resources to source the product of your needs.

Our responsibility is to continuously create value for our customers by relentlessly seeking and indentifying opportunities into viable projects for the group.

Our aspiration is to boldly contribute to your organizational growth by providing products and services that will enhance your competitiveness and the quality.

Our contribution to be meaningful, we ensure success and quality of our task we engage in.

We ensure 100% satisfaction to our customers by the direct participation of members of our group in critical paths of the value chain.

Quality projects, products and services are delivered through quality management, quality systems and a quality culture. At ASMACS we achieve this quality culture through teamwork, unity, loyalty, integrity and above all professionalism.

POOJA ENTERPRISES - Mumbai

## INFORMATION TECHNOLOGY

### ABOUT US

ASMACS SYSTEM SOLUTIONS PVT. LTD. is a leading Information Technology Solution Provider, headquartered in Mumbai with its overseas offices in K.S.A, Dubai, Kuwait, USA, Italy & Germany.

Our offshore development center focus on providing comprehensive systems and solution in

- ❖ Enterprise Solutions – HMS, e-SCM and projects
- ❖ Application outsourcing - Offshore Development
- ❖ Support Service – Hosting, Product Maintenance.

A team of young and dynamic professionals manages ASMACS with extensive experience drawn from the Industry. From its inception, ASMACS has focused on executing projects both onsite and offshore to, generates and sustain project management and utilize in-house skills, keeping a long-term view of the need to build corporate capabilities and culture.

ASMACS believes that each client has their own identity in terms of people, values, operations and requirements. People change, technology changes, but it is only the values/culture, which carries upon.

### OUR MISSION

ASMACS MANAGEMENT and staff are committed to providing world-class quality IT products and services, which consistently meet or exceed all customer specifications and expectations for technical, schedule and cost performance...

### MANAGEMENT PRINCIPLES

We at ASMACS, have simple but effective principles to guide our day-to-day operations. We believe that change is only thing that is permanent. Our guidelines include

- ❖ Customer is the king and we strive to provide them effective solutions efficiently and economically.
- ❖ We believe in our people and it is they who really take the organization to world-class level

- ❖ We demand highest standard of professionalism and commitment from our people in supporting our clients

## **OUR SERVICES**

- Applications Development
- Database Management
- Infrastructure Development
- Facility Management Services
- Information Security & Consultancy
- Project Management
- Annual Maintenance Contract
- Business Process Re-engineering
- Call Centers
- Consultancy
- Disaster Recovery Planning
- Enterprise Resource Planning
- E-Commerce

## **APPLICATION DEVELOPMENT**

This includes Turnkey Software Development projects as well as development on time and material basis, customization of application and consultancy services whereby among the set of activities undertaken in providing system integration job are:

- Identifying user's requirements
- Designing and developing application systems
- Project management
- Data Collection
- Testing and acceptance of the application systems
- Implementation of the systems application
- Support and maintenance services
- Training

## **DATABASE MANAGEMENT**

- Establish a “single-point-of-contact”
- Develop standards, policies, and procedures supporting DBMS technical platforms and the applications development lifecycle
- Design the database environments and physical database structures based on the physical data models and transaction analysis.
- Provide technical expertise in the design, implementation, and support of an integrated data warehouse, reference database, and repository environment.
- Conduct database design, code and configuration reviews.
- Provide database system administration and server management support in all database environments.
- Provide Performance monitoring, tuning, backup, and recovery in all database environments.
- Perform migration of database structures from one database environment to another.
- Evaluate, recommend, and support DBA tools related to performing database creation, maintenance, and database monitoring task.

## **INFRASTRUCTURE DEVELOPMENT**

We have extensive experience in building infrastructure that enables business partners and mobile employees to securely access enterprise applications from the Internet. ASMACS SOLUTIONS offers a range of IT infrastructure service that includes:

- Hardware and software maintenance services.
- Office automation services, where the scope of service involves the supply, installation, and maintenance of hardware and software items.
- Security services that include firewalls and network security audit.

## **FACILITY MANAGEMENT SERVICES**

IT Infrastructure Management Services are delivered both Onsite as well as Offshore/Remote. Services Include:

- Servers and Data center Infrastructures.
- Network Infrastructures.
- Messaging and Workflow Infrastructures.
- Web Services Infrastructures.

- Application Infrastructures.
- Database Infrastructures.
- Security Infrastructures.
- Storage Infrastructures.

## **INFORMATION SECURITY**

In today's interconnected world, safeguarding the technology infrastructure is integral to ensuring that it continues to deliver performance. ASMACS' Security Services portfolio is based on time tested practices, a set of carefully crafted application of well researched and documented processes, procedures and tools that significantly enhance the security of an IT infrastructure with the ultimate aim of continuously safeguarding its performance. The services include:

- Security Audits
- Penetration Testing
- Threat and Risk Assessments
- Security Architecture Design and Deployment
- Vulnerability Assessment and Management
- Security Policy Design and Deployment

## **PROJECT MANAGEMENT**

Projects and Consultancy Services are geared to help you build and deploy a responsive IT infrastructure, covering multiple technologies across networks, data centers, applications, messaging systems and security solutions. Our team of experts leverage proven infrastructure design templates and proprietary frameworks to expedite the architecture design efforts and in turn accelerate infrastructure performance.

- Planning & Design Services.  
Converged Networks (Voice, Data, Video).  
Compute, Storage and High availability platforms.  
Premise and Enterprise IT Infrastructure Build-up.
- Migration and Transition Services.
- Project and Program Management Services.
- Process and quality consulting services.
- Audit and Base lining Services.
- Policy and Guidance Advisory Services.

## **ANNUAL MAINTAINENCE CHARGES**

Annual maintenance contracts are available for LAN and WAN components where in we will:

- Attend to your faulty component in the shortest possible time, usually the same day
- Repair/replace the defective components.
- Do preventive maintenance of the components every month
- Optimize the settings so that they work efficiently
- Check for virus, once every month
- Make sure you can connect to your network flawlessly

## **BUSINESS PROCESS RE-ENGINEERING**

The global business landscape is changing at a rapid pace. Traditional business practices need to keep pace and upgrade with these changes to meet stringent requirements such as reduced delivery times and higher customer services service levels. Business process is “a set of logically related tasks performed to achieve a defined business outcome” BPR Involves:

- Business Vision and Process Objectives.
- Identifying the Processes to be Redesigned.
- Understanding and Measuring the Existing Processes.
- Awareness of IT capabilities.
- Design and Build a Prototype of the New Process.

## **CALL CENTERS**

Employ a single contact point so that customers can get in touch with your company via multiple channels such as e-mail, web chat, phone, fax and Voice over IP.

This contact centers not only reflects the multiple points of access but also provides your staff with consistent information within an integrated system to better serve and manage high-value interactions with your customers. The Interaction Center Platform for instance is designed with a sophisticated interaction engine that is capable of automating virtually every aspect of your business interactions. Providing a smooth transition from circuit-switched telephony to voice over IP.

## CONSULTANCY

ASMACS SYSTEM SOLUTIONS team provides it solutions and consultancy services that are capable of delivering a stronger and more scalable infrastructure providing the opportunity for lower operating cost and the simplicity of a single vendor, mainly in the areas of knowledge management solutions & business intelligence.

This is an integrated solution based on various software architectures to provide reports and analysis of a company's financial and operational data.

These reports are used to improve the efficiency of a company, provide insight into its customers and suppliers, and used as a basis for supporting strategic decision-making processes.

## DISASTER RECOVERY PLANNING

Disaster recovery planning is not a two-month project, neither is it a project that once completed, you can forget about. An effective recovery plan is a live recovery plan. The plan must be maintained current and tested/exercised regularly.

- Program description
  - Pre-planning activities (project initiation)
  - Vulnerability assessment and general definition of requirements
  - business impact analysis
  - detailed definition of requirements
  - plan development
  - testing program
  - maintenance program
  - initial plan testing and plan implementation
- Planning scope and plan objectives
- Project organization and staffing
- Project control
- Schedule of deliverables
- Resource requirements

## ENTERPRISE RESOURCE PLANNING

It attempts to integrate all departments and functions across a company onto a single computer system that can serve all those different departments' particular needs.

There are five major reasons why companies undertake ERP.

- Integrate financial information.
- Integrate customer order information.
- Standardize and speed up manufacturing processes.
- Reduce inventory.
- Standardize HR information.

## **TELECOM SERVICES**

We are engaged in meeting infrastructural requirements of telecom service providers. Catering to the equipment and service needs of the telecom industry, we offer following products installation/erection work & services:

- Tower
  - Self Supporting Towers
  - Angular & Tubular Towers
- Shelters

## **BTS INSTALLATION**

- BTS Installation
  - Indoor Work
    - BTS Installation as per layout plan
    - Battery Bank installation, interconnection & cabling of BTS
    - Rectifier Rack/ SMPS installation
    - PCM routing and kronging, alarm cable routine
    - ECB, IGB, EMP installation & earthing
    - FEP cutting, finishing, sealing, jumper routine, connectorisation and termination
    - Indoor cable tray installation
    - Labeling of all the cables and jumpers as per customer standard
    - All work is to be carried out as per layout
  - Outdoor Work
    - Horizontal cable tray fitting, pendulum support installation and grouting
    - Antenna fixtures installation
    - Antenna installation & alignment
    - Feeder routine, Earthing, weather proofing & labeling

## TESTIMONIALS

الشركة العربية للصناعات الثقيلة ش.م.ع.  
**ARAB HEAVY INDUSTRIES P.J.S.C.**

(Managed by Keppel - Singapore)

Date : 20 April 2009

### Certificate Of Appreciation

ASMACS Engineering LLC has been a resident Subcontractor with us at Arab Heavy Industries PJSC for over 10 years.

During this time they have carried out a diversified field of work including steel fabrication, piping renewals and Grit blasting/Painting to our satisfaction.

Vessels have worked on covered the many types of marine and offshore vessels including jack up rigs, offshore support vessels and dredgers for Owners such as Saipem, Van Oord ACZ, Tidewater Marine and Swire Pacific Offshore.

ASMACS staff and workforce have always conducted themselves professionally with due care given to HSE, productivity and quality to international standards and in line with our ISO 9001 : 9002 standards.

On behalf of Arab Heavy Industries PJSC we would extend our appreciation for their performance and support.

Regards,

## TYTAN

### Certificate of Appreciation

We at Tytan Organic Chemicals (ME) FZC take this opportunity to express our extreme & hearty satisfaction to the commendable job carried out by ASMACS ENGINEERING, during the period July 2007 to February 2008, for the expansion of our chemical process plant, taking due care of our business goals.

It is appreciated to highlight the timely, safely and quality execution of the

- Fabrication, testing and erection of Piping both SS & CS
- Erection of general machineries &
- Erection of Glass Lined Reactors

The Skilled Supervision, Excellent Site Management and Co-ordination, High level of safety standards are few of the qualities, which have impressed us most.

In addition to the above ASMACS have also given supporting hand to maintain the Process Plant as and when required.

Again on behalf of our company we extend our Thanks & Appreciation to the core team of Asmacs , U.A.E., for giving such an exceptional standard of Engineering Division.

Thanking You,

With Best wishes for all future endeavors,

For Tytan Organic Chemicals (ME) FZE,

  
Santosh Muduli.  
Works Manager.
